

Creative Therapy Training and Placements

Are you interested in working with children, young people or families? Are you a Trainee Counsellor and looking for a placement? If so, this could be the perfect opportunity for you.

Create Hope is a new Christian charity based in Bracknell, offering emotional support to children, young people and families through creative and play therapy. Create Hope has contracts with several primary schools, supporting children there as well as their families.

Create Hope is recruiting volunteers to help deliver this service. In order to equip volunteers with the skills you need, Create Hope provides a practical, engaging and informative in-house 5-day training course. The course covers safeguarding issues, an introduction to Create Hope as an organisation, working therapeutically with children, young people and families, and our integrative therapy approach which is focused on creative therapy models.

Details of the next training course:

Monday 26th Oct – Friday 30th Oct; 10am – 4pm each day

Venue to be confirmed
